# GET STARTED WITH THE COWCONNECT APP

Go to **app.cowconnect.net**, click **Sign up now**
and follow the steps. Open the Cowconnect app on your
tablet/phone and login with the credentials you just created.

**Contact support at**   +44 2039 669063   Support@cowconnect.net

START LOADING

Open the Cowconnect app and use the credentials you just created.

1. Make sure that the tablet or phone is connected to the Wi-Fi of the gateway
2. Click the **loading** tab on the main menu.
To create a ration click the green **+** at the buttom of the screen.
Remember to **save**.

Wi-Fi Name: Cowconnect
**Wi-Fi Password:** Cowconnect

LOADING

1. Press the green **+** to add a feedsection/pen.
Then press **Create new**, fill in **name**, **number of animals** and **type**. If needed, add more pens.
2. To add ingredients press the green **+** further below and press **create new**.
When you have added all the ingredients you are ready to press **Mix**.
3. To edit **cow number** or **ration** of the pen in question press the pen name. Then use the **+/-** buttons to adjust.
**Remember to save**.

MIXING STAGE

1. Total weight in the wagon
2. Total weight of the current feedstuff
3. Current and total number of feedstuff
4. Part tara - to reset the current amount of this feedstuff back to the planned amount
5. The amount of this feedstuff that needs to be loaded
6. Percentage of how much has been loaded
7. When done loading this feedstuff, press **Next**. When you have added the last feedstuff, a window saying **Close Mix** appears.

UNLOADING

After finishing the mix, you will get redirected to the main menu - only now the **Loading** tab has changed to **Unloading**.

Once you have pressed **Unloading** you have started the unloading process.
While unloading you just follow the process on the screen.

UNLOADING PROCESS

Note: If you have added more pens to this ration, you will get the option to choose which one to feed first. When this pen is fed, you will get to choose which one to feed next, and so on.

1. Total weight in the wagon
2. Total amount for current pen
3. Remaining amount for current pen
