🗱 Settings 🗸			ADD/REMOVE PENS	

- Change the order of pens by holding down 6. onto the two lines and dragging the item up or down the list.
 - We recommend to creating an order on the list, which follows the feeding order

in the stable(s).

The size of the ration can be adjusted for the 7. different pens by changing the %.

For editing, click in the field, then type the correct value.
